

HARU

SPRINT 2 PLAN

SUBIN JEONG, JOOWON LIM, HAKYEONG KIM, TIM BURKHART, MITCHELL ETZEL

Product Name:	Haru (하루)
Team Name:	One Day
Sprint Completion Date:	07/18/2016
Revision Number:	3
Revision Date:	07/17/2016

SPRINT GOAL:

As a team we want to further the development of our system prototype so that we can provide users with the promised usability of a daily dairy app that tracks your GPS location.

TASK LISTING

3. As an app manager, I want to save daily tracks (5)
 - a. Create template to save GPS location and time spent there (3 hours)
 - b. Automate(?) how application keeps track of info throughout the day (4 hours)
4. As an app manager, I want to draw tracks on the map to provide daily track of user (13)
 - a. The track color will gradually change as the time pass.
5. As a user, I want to add comment to track so that I can record my feelings (5)
 - c. User can bring comments of a day together
6. As a user, I want to see my old records. (8)
 - a. Create Template to save daily track + pin data together
 - b. Use SQLite to save template daily
